

LE frees students' backpacks

## UNNECESSARY IMPOSITION

## FOR TEACHERS

LE

LibreEdu

LE is

FREE/LIBRE  
DIDACTIC  
MATERIALS

share contents  
exercises, tests...

LE is

KNOWLEDGE  
PUBLIC  
INFRASTRUCTURE

that is free, standardized  
used, transformed ...

LE has fundamentals

LIBRE KNOWLEDGE  
or SABER LIBRE

defends freedoms, creativity, sharing...  
and to use together what is public. It is  
Indicator of freedoms, anti-corruption:

- \* free/libre contents and arts with Creative Commons
- \* Free Software or at least Open Source
- \* Libre knowledge with Libre science or Open Science
- \* Libre Artificial Intelligence
- \* Open Standards

TEXTBOOKS

- the backpacks can weigh 8 kg
- there are subjects with 2 books x 30€
- pointless editions

NON FREE/LIBRE  
DIGITAL  
TEXTBOOKS

- a digital book can cost 10€ every year!
- handwriting helps you learn

LAPTOPS

- that we wouldn't buy
- software restricting important freedoms
- A "take-it-or-leave-it" political budget is a democracy joke.

LE makes  
unnecessary

ADVANTAGES

LE drives

QUALITY FREE  
UNIVERSAL  
EDUCATION

ICESCR 13

SDG 4

- \* teachers work for institutions with this mission
- \* teachers have the right to do and use free/libre materials
- \* it is possible and convenient for all to create this materials
- \* as it is to reuse or modify

make it easier

"CAN I EARN  
A LIVING?"

- \* No problem, but without integrism. Meaning: no forced non-cooperation or artificially stifling competition. Were Renaissance or computers stop?
- \* No to clientelism, corruption, or %
- \* If public money, public code and public intellectual property.

are the  
reason  
for

if every teacher develops at least  
one libre educational material

WHY LibreEdu  
or in general  
WHY LIBRE KNOWLEDGE

Whenever possible and feasible

LE is basically a

MORE TIMELY  
RESPONSE

with detractors  
and confusion

a hallmark of the collaborative  
digital age, where copying and  
sharing information is virtually  
costless for the first time in  
history. It fosters current values:

- \* transparency
- \* participation
- \* critical thinking
- \* knowledge
- \* freedom of access to information
- \* anti-monopoly
- \* equity
- \* real democracy.

EASIER  
TO PRODUCE

do not reinvent the wheel,  
use and improve for efficiency

MORE  
PRODUCTIVE

+ participation + creativity  
+ diverse in applicability  
+ revisions

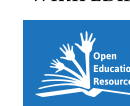

MORE  
COST-EFFECTIVE

LE is more competitive as  
TV outperformed the radio  
Loom upgraded to mechanical  
Cars surpassed horses...

MIT OCV  
since 2001

MORE  
COOPERATION

accessible to all to achieve:

- + intellectual productivity
- + wider access, lower costs
- + Decentralized and secure
- + used, revised, standardized
- + free and independent

and now enhanced by the era of AI
